

You Needn't Be a Millionaire

Dressing well doesn't necessarily imply spending more than you can afford.

Of course you can pay a lot for clothes if you want to, but why pay for more value than you actually get?

We've always made it a point to put in the things that are highest in quality and most reasonable in price.

In men's clothes, for example. What better can be had than Clothcraft at \$10 to \$20?

It's the same all the way down the line. Shirts, hats, socks, collars, underwear,—every thing you buy here is bound to please because you feel that it is worth every cent you pay for it.

Our new Spring styles are awaiting your approval.

DEMOCRATIC CONVENTION

The Democrats of Rockcastle county met in mass convention at the court house Saturday afternoon at 2 o'clock and named eighteen delegates to go to the convention in Lexington on Wednesday.

The meeting was called to order by G. C. Fish, the county chairman, who stated the purpose for which the Democracy had gathered.

RESOLUTIONS.

Be it Resolved by the Democracy of Rockcastle county, in convention assembled:—

1—That we believe in an honest, efficient and economical administration of the governmental affairs, whether of the national, state, county or municipal governments.

2—That we unreservedly endorse the unparalleled achievements of the administration of our great President, Woodrow Wilson, which has faithfully fulfilled the promises made by our party four years ago by the enactment of many needed laws, which protect the people against special privileges usurped by designing interests, and which has patriotically and successfully met every serious question arising in our foreign relations.

3—That we unreservedly believe that our great President, with comprehensive mind and stout heart, correctly interprets the aspiration and hopes of the people of this republic for honorable peace, exact justice, righteousness and humanity.

4—We especially commend to the people of this State the splendid record of our able and faithful Governor, Hon. A. O. Stanley, and his associates in office, under whom many beneficial and reform measures have been enacted into laws.

5—We heartily commend our Democratic Senators and Representatives in Congress and in our State Legislature for the loyal support they have rendered the National and State administrations and the many wholesome and beneficial laws they have aided in enacting.

6—That the following be and are hereby named as delegates to the State convention to be held at Lexington, Ky., on Wednesday, May 24, 1916, viz.: J. M. Craig, Dr. Walker Owens, A. H. WHOOPIING COUGH

One of the most successful preparations in use for this disease is Chamberlain's Cough Remedy. S. W. McClinton, Blandon Springs, Ala., writes: "Our baby had whooping cough as bad as most any baby could have it. I gave him Chamberlain's Cough Remedy and it soon got him well." Obtainable everywhere.

They say death evens all scores, and perhaps that's why we keep right on stirring them up.

"War will end by Christmas," says a headline. Better make it the Fourth of July.

CHAMBERLAIN'S TABLETS HAVE DONE WONDERS FOR ME.

"I have been a sufferer from stomach trouble for a number of years, and although I have used a great number of remedies recommended for this complaint, Chamberlain's Tablets is the first medicine that has given me positive and lasting relief," writes Mrs. Anna Kadu, Spencerport, N. Y. "Chamberlain's Tablets have done wonders for me and I value them very highly." Obtainable everywhere.

OUR BOONE WAY MAN In Winchester

By JAMES MARET.

Road work this year in Clark County of turnpikes that have become somewhat worn. About 15 miles will be reconstructed during the year 1916. Four miles on the Lexington pike, two of which is being done by the county force, will be finished within next ten days. The other two miles, just out of Winchester, will be begun within the next few days by the Clark County Construction Co.

The cost of reconstruction of these roads vary from \$1200 to \$1,800, per mile, dependent upon the length of the haulage of the metal. There is virtually no grading to do, only the ditching, which is not heavy. The quality of the stone being used is fair only, making a fine road-bed but its lasting qualities are below the standard of that which is being used on Boone and Dixie High ways through the mountains. These roads should last, as now being built, for probably eight years if only used by wagons and buggies, but with automobile traffic added to that of other vehicles it is hardly probable they will hold up four years. The Muddy Creek pike, leading out of Winchester, is also being repaired. The Ruckerville pike will be looked after soon by contractors. The Paris pike will receive the attention of the county force under the charge of County Engineer G. J. Hunt, and the efficient superintendent O. E. Billster who is now finishing up one of the two mile gaps on Lexington pike.

Land costs a little something over here. A Mr. Green of Perry county bought a fifty acre tract one mile out on the Lexington road for which he paid \$204 per acre. He has just completed a \$5,000 brick residence thereon.

Mr. Wash Gay, who was a citizen of this county in 1895, we learn, died some five years ago.

Have met W. P. Azbill, who is one of Winchester's citizens. He is in the wholesale lumber business, and is also, one of the firm of Azbill and Bush, dealers in coal and feed. Mr. Azbill's mother was Julia Fish, a daughter of Jesse Fish, Rockcastle noted surveyor and leading citizen of half a century ago. The writer being a kin to the Rockcastle Fishes raked up relationship to Mr. Azbill. Mrs. Azbill, his mother, is a member of his household.

County Court days here bring in a big crowd. Often 500 buggies and nearly half as many automobiles come in from the country and adjoining counties. One man and his family was here from Menifee county last Monday with a wagon load of split baskets manufactured by himself and members of his family, selling them at from 25cts. to \$1. each. The wagon was piled up with more than a hundred baskets and looked as large as a big load of hay.

One dealer here sold 60 "Tin Lizzies" (Fords) within the past two months. Other dealers have done a large business in various makes of machines. One of the tobacco ware houses here, was built and owned by an individual R. A. Scobee, some five years since at a cost of \$32,000. He rented it out last year during the tobacco selling season at \$800 per month. Mr. Scobee is also in the livery stable business and runs one of the largest establishments of the kind in the city. He is an all around good man. The writer met him in the store of "Oh Hello" Joe Oliver, at the corner of Broadway and Highland Ave., a few evenings since. He related some mighty good ones which

would make fine reading matter. He didn't know he was talking in the presence of an old newspaper man. He will be mighty good to me when he learns it.

There is another good citizen, also, who will not want his friends to know that he was once in the Italian clock business. He is a man with land interests, but lives in the city to get the advantages of its many conveniences. He spends many of his odd moments in that same store of "Oh Hello" Joe. We don't think he likes to look into the face of an Italian clock unto this day.

Winchester has a good system of city mail delivery. Has six or more rural route deliveries.

Winchester is the location of the Kentucky Wesleyan College, a great and celebrated institution. It will be remembered by most of the older people what a "ruck ashie" was raised when the question of removal was up and for a long time afterwards the feelings engendered were not smoothed out from the wrinkled brow of disappointment felt by some of the most interested parties.

Two public school buildings are to be found here, located about two squares apart. Both commodious structures, and cost probably \$75,000 or \$80,000.

Mt. Vernon Place, is located on the left side out Lexington Ave. about half mile from court house.

Was so named in honor of Washington's home.

Winchester is erecting a large and commodious hospital, that will be up to the minute in all modern improvements and conveniences. Construction on the foundation is under way. Its location is on Lexington Avenue, just across from Mt. Vernon Place, and about a quarter of a mile from the cemetery. (We don't mean to make any insinuations at all in mentioning this fact.)

The Winchester Cemetery, out Lexington Avenue, was established in 1854 and is one of the city's beauty spots. Its new gate at the main entrance was erected in 1904, just half a century after the first burial took place within its bounds.

"A waste and trash" wagon makes its daily morning rounds of the principal streets.

Decendants of the Fish and Haley families of Rockcastle are represented here by the Azbills, Foxes and Meritts.

J. E. Burgher, Engineer of Powell county, came down Monday to see the Winchester Commercial hotel in regard to a donation toward part of expense of the construction of a highway from Stanton to the Clark county line, a greatly needed thoroughfare. We don't think he returned empty handed, for Winchester never does business that way.

Will give Winchester news papers a round in my next batch of scribbles.

Acting in absolute harmony, the Democratic State Convention, Wednesday, in Lexington, adopted a platform reaffirming its faith in the Administrations and policies of Woodrow Wilson and Gov. A. O. Stanley, and named delegates to the St. Louis convention instructed to vote for Wilson. The delegates from the State at-large are: Senators Ollie James, J. C. W. Beckham, Gov. A. O. Stanley, Mayor J. H. Buschemeyer, former Senator J. N. Camden, Judge Allie W. Young, former Gov. James B. McCreary and Lieut. Gov. James D. Black, Gen. W. B. Haldeman was named by the convention as National Committeeman from the State to succeed Urey Woodson, of Owensboro, Judge Charles A. Hardin, of Harrodsburg, was chosen chairman of the State Central and Executive Committees to succeed Judge S. W. Hager, of Owensboro. Electors from the State at-large are Frank Hopkins, of Prestonsburg, and James P. Edwards, of Louisville.

The only contest coming before the convention was from Pulaski, in which there was a split delegation, one branch headed by Hon. Woodson May, the other by Hon. J. W. Colyer. The Colyer side won, and for delegate to the National Convention, Colyer won over May by a vote of 87 1/2 to 15 1/2.

NOTICE!

Having decided to go west, will offer for sale, privately all of my property, both personal and real, as follows, until August 15th, and on that day I will close all that remains unsold at public auction at my home, Hansford, Ky.

Real estate for sale on easy terms: Farm or tract No. 1 of 130 acres, 4 miles south of Mt. Vernon, with 1 storchouse, dwell house and barn, and three tenant houses, several good coal mines from which Mt. Vernon and surrounding country get the greater part of its coal supply.

Farm No. 2 of 156 acres, 4 miles south of Mt. Vernon, 2 houses, 1 barn, about 35 acres in growing crop, 60 acres in grass and balance in woodland; adjoining farm No. 1, so as to make one well located farm if purchaser should desire both tracts. Farm No. 1 lies on east side of creek and mostly underlaid with coal. Farm No. 2 on west side of creek, rather a valley farm, with some coal in the hill.

Farm No. 3 of 190 acres, one-half mile west of farm No. 2; a good strong valley farm in good state of cultivation and not very much improvement. About 100 acres cleared, balance in woodland.

Farm No. 4 of 271 acres, 5 miles south of Mt. Vernon, in good state of cultivation, well improved; 1 good dwelling house, barn and storchouse and all other necessary outbuildings; 6 tenant houses. This farm is a creek farm, running to the hills, with some workable coal in the hills. Also has a 10 acre orchard set out this spring, consisting of about 500 Stayman Winesap apples and 500 Elberta peaches, if all are true to name, with a guaranty from the company to prune and spray for 3 years. Holes were dynamited for trees and great care taken in setting the orchard. Also about 6 acres of other orchard on this farm. This is the farm for the stockman; a good farm and well watered and only a few years to wait for a young fortune from growing fruit.

Farm No. 5 of 258 acres, adjoining farm No. 4, with one good dwelling house, barn and store house; 4 tenant houses and barns, good orchard; known to be as good if not the best stand for merchandise in the county. Also has a good coal mine.

Farm No. 6 of 250 acres, 2 miles west of farm No. 5; good valley farm, in good state of cultivation; good house and barn; good orchard; 1 tenant house; about 120 acres cleared and the balance in woodland.

3 town lots in Bethurum & Lewis Addition to Mt. Vernon, Ky., and 1 lot in Jersey City, N. J. Also have a few hundred acres of desirable mineral rights to sell.

It is not worth while to speak of the water on these farms, as it is well known that Rockcastle is one of the best watered counties in this state or any other state. All of these farms are handy to churches and schools and the county has under consideration, 4 turnpikes out of the town of Mt. Vernon, north and south, east and west. Several miles have been let and work already begun. Those farms are on the pike road leading south from Mt. Vernon, on the waters of Dry Fork and Skeegs Creek and most of this land is limestone land and fine producing and grass land. Will sell on easy terms any part of this land or all as a whole. Anyone wishing to buy land, either for investment or home, will do well to call and go over this land, and get my price and terms. For the benefit of those who might know these farms and locate them better by name, I will name them by their former owners: Tract No. 1 known as the Sand Spring coal fields; Tract No. 2 known as the Will Price farm at Sand Spring; Tract No. 3 known as the old Tommy Graves valley farm; Tract No. 4 known as the K. J. McKinney farm; Tract No. 5 known as the W. G. Nicely farm at Hansford; Tract No. 6 known as the Mat Deboard and later the Albert Hamlin farm near Level Green.

Three cheers for our old friend Maret.—George Moore, of Tiner, Jackson county, spent a few days with Marshal W. N. Riggs, of this place. Every few seconds during the day there was the report of a shot gun and even-

usually an investigation was started to find out the cause; and when the truth was learned it was found that the land was so steep that Black was using the gun for a planter, but the worst is yet to come, for Black complained of being badly crippled up. That night later it was learned that he fell out of the field three times that day, it was so steep. Come on Broadhead and Jarve Cook, line up.

He is liked by all that know him, and the writer thinks a great deal of him, perhaps because he is a good man or it may be because it was he that tied the knot between Mrs. Owens and myself, that made us one.—Dr. R. G. Webb is preparing to open up his business in the Masonic brick. We understand the doctor will add other lines to his already large business as he will have more room.

RHEUMATIC PAINS STOPPED

The drawing of muscles, the soreness, stiffness and agonizing pain of rheumatism quickly yield to Sloan's Liniment. It stimulates circulation to the painful part. Just apply as directed to the sore spots. In a short time the pain gives way to a tingling sensation of comfort and warmth. Here's proof.—I have had wonderful relief since I used your liniment on my knee. To think one application gave me relief. Sorry I haven't space to tell you my story. Thanking you for what your remedy has done for me.—James S. Ferguson, Philadelphia, Pa. Sloan's Liniment kills pain. 25c at Drug gists.

PROSPERITY ON SOLID BASIS.

There is no reason to fear industrial depression in the United States after the war in Europe ends, in the opinion of Secretary Redfield, of Department of Commerce. In reply to a suggestion from Assistant Secretary Malburn, of the Treasury Department, that the American people are in danger of overlooking preparedness for peace, Secretary Redfield points out that the country's so-called war business probably does not exceed five per cent. of its total industrial and commercial activity, and while readjustments after the war will be necessary and perhaps serious, the relative importance of the war business is generally overestimated.

It does not exceed a quarter of our exports, says the Secretary, and possibly is not quite that much. Our shipments to South America, for example, have at least doubled. New industrial organization for making war material is relatively small, and moreover much of it will be available for use when peace comes. This will be especially true, says the Secretary, if our preparedness is going on all the time the Secretary concludes, and will be aided by legislation recommended by Governmental agencies.

AVOID SPRING COLDS

Sudden changes, high winds, shifting seasons cause colds and grippe, and these spring colds are annoying and dangerous and are likely to turn into a chronic summer cough. In such cases take a treatment of Dr. King's New Discovery, a pleasant Laxative Tar Syrup. It soothes the cough, checks the cold and helps break up an attack of grippe. Its already prepared, no mixing or fussing. Just ask your druggist for a bottle of Dr. King's New Discovery. Tested and tried for over 40 years.

Nothing better for the Money

Compared with any other shoe you can buy for the same money you'll find no better shoe value than a pair of PLUCK SHOES

Whatever standard you judge them by—style, fit, comfort, service—they're not to be surpassed anywhere. They are made in a factory devoted to "PLUCK" SHOES exclusively—nothing used but good, sound leather, linings and thread all through—handled by expert workmen. They are made on lasts that look well and fit well and keep looks and fit as long as there is any wear left in the shoe.

All the popular leathers—many styles—splendid finish. "STAY-MANY" reputation establishes the worth and merit of "PLUCK" SHOES.

I will stand my fine, big German Coach Stallion, Barney, for the season of 1916 at J. L. Hasty's farm, one mile north of Level Green; three miles east of Walnut Grove and three miles south of Quail, at

\$3 to insure a colt four months old.

Barney is 16 1/2 hands high, and weighs 1,350 pounds; has fine bone and body and will get you the highest priced work horses to be found anywhere; the big, fine fellows that bring the money. Come and see him before breeding your mares. Care taken to prevent accidents, but not responsible should any occur.

J. A. HASTY,
Level Green, Ky.
